Abstract (en)
[origin: CA3092615A1] The present invention describes special cellulose compositions which make it possible to stably produce a lyocell fiber with a reduced cellulose content on a large scale, and to the lyocell fiber thereby obtained.

Abstract (de)
Die vorliegende Erfindung beschreibt spezielle Zellstoffzusammensetzungen, die es erlauben eine Lyocellfaser mit reduziertem Zelluloseanteil grosstechnisch stabil herzustellen, sowie die daraus hergestellte Lyocellfaser.
