Abstract (en)

[origin: WO2018095956A1] The invention relates to a bleach activator/complexing agent compound and to multi-phase washing and cleaning agents comprising at least one liquid, low-water to water-free phase and at least one solid, pulverous or granular phase and containing at least one bleach activator, which is compounded with at least one complexing agent. The invention further relates to the use of such agents in washing and cleaning methods, in which such agents are used, and to such washing methods.
