Abstract (en)

[origin: WO2018103981A1] The invention relates to a drive train test stand (1) having a modular design for electric motor vehicle drives (9), said drive train test stand (1) comprising at least one motor module (2). The drive train test stand (1) according to the invention is characterized in that an electric motor (3) of the motor module (2) has a housing with a yoke (4) for supporting the electric motor (3).
