Abstract (en)

[origin: WO2018108732A2] The invention relates to a method (300) for additive manufacturing of a three-dimensional object (1), in particular a seal and/or coating, from an elastomer in the liquid phase, in particular from a liquid silicone rubber (20), the elastomer being sprayed (301) onto a substrate (30), preferably onto a workpiece and/or onto another elastomer.
