Abstract (en)

[origin: WO2018115597A1] The present invention relates to a foodstuff, particularly to a vegetable protein based fresh product produced by fermentation and being essentially soy -free and milk-free. More specifically, the invention relates to a fermented semisolid fresh product rich in protein and comprising an oat preparation and vegetable protein, such as legume protein. The invention also relates to a process for the production of the product.
