Abstract (en)
A vacuum container (10) for vacuum food storage comprising: a vessel (11), a lid (20) equipped with a valve (21) for sucking air out of the vessel (11) and a date display system (30) whereas the date display system (30) is at least partially circular and the date display system (30) and the valve (21) are arranged concentrically. The present invention provides a vacuum container with easy and efficient date display system which enables to indicate specific date manually in easy and intuitive way by the consumer. Additionally, a date selection can be performed at any time, before, during or after the vacuum generating process.
