Abstract (en)

[origin: WO2018134537A1] The invention relates to a bib (1) for a baby, comprising a piece (2) of flexible fabric for protecting the chest of the baby and forming a cut-out space (10) for positioning at the front of the neck, and also comprising a crescent-shaped silicone collar (3) to be mounted in said cut-out space, said collar comprising an inner border (22) that extends beyond the fabric, inside the cut-out space.
