Abstract (en)
[origin: WO2018146415A1] The present invention relates to the method for preparing polythiols comprising the preparation of a sulphydration reaction medium, simultaneously conducting the radical sulphydration reaction of said at least one polyene and the acid catalytic sulphydration reaction of said at least one polyene, and the recovery of a mixture comprising at least two polythiols. The present invention likewise relates to the mixture of polythiols obtained according to said method, as well as to the use of said mixture of polythiols.
