Abstract (en)

[origin: WO2018153701A1] The present invention relates to a method for preparing a topical composition comprising hydroxystearic acid and to compositions prepared according to said method. The compositions are easily spreadable despite of having a firm texture. The composition may be firm enough to be formed in the shape of a cosmetic stick. 10-hydroxystearic acid and 12- hydroxystearic acid are the preferred hydroxystearic acids.
