Abstract (en)

[origin: WO2018162833A1] The invention relates to a non-therapeutic cosmetic use of fructans of Agave tequilana, containing natural inulins for protecting capillary fibre by improving the hydrophobicity of the capillary fibre. The invention also relates to a non-therapeutic cosmetic method comprising the therapeutic application of fructans of Agave tequilana containing inulins having a degree of polymerisation greater than 10, in order to protect the capillary fibre by improving the hydrophobicity of the capillary fibre, said application being optionally followed by rinsing.
