Abstract (en)

[origin: WO2018166686A1] The invention relates to a drive unit (1) for driving a transmission unit (2) of an actuator as well as to an actuator comprising a drive unit and a transmission unit. The drive unit (1) includes an alignment element (7) which can engage a mating element (4) of the transmission unit (2) to be driven. The mating element (4) is part of a transmission pin (9) of the transmission unit (2).
