Abstract (en)
[origin: WO2018187468A1] A hair extension for integration with a person's head of hair is described in this disclosure. The hair extension illustratively includes a plurality of supplemental hairs and an attachment band that provides means for removably coupling the plurality of supplemental hairs to natural hairs included in the person's head of hair. The attachment band is illustratively flexible and couples to natural hairs included in the person's head of hair mechanically.
