Abstract (en)  
[origin: WO2018192682A1] A corona effect plasma cell (11) comprising a polarised electrode (12) and an earth electrode (13), comprising a cylinder (14) and a porous film (15), the cylinder (14) having a low profile and the polarised electrode (12) not penetrating into the cylinder (14); a corona effect plasma dual element (10) comprising a first cell (11), a second cell (21) having such a structure, said first (11) and second cell (21) being symmetrically arranged (preferably head to tail); and finally a plasma reactor (30) comprising a plurality of cells (11) or dual elements (10).
