Abstract (en)

[origin: WO2018202700A1] The present invention relates to an orodispersible tablet, especially for treating sleep disorders, which comprises, as the active pharmaceutical ingredient, an H1 antihistamine selected from the group consisting of doxylamine and the pharmaceutically acceptable salts thereof, and diphenhydramine and the pharmaceutically acceptable salts thereof. The present invention further relates to the orodispersible tablet according to the invention for use in the treatment of sleep disorders and to a method for producing the orodispersible tablet according to the invention.
