Abstract (en)
[origin: WO2018204822A1] A system and method of receiving a payment is disclosed. The method includes transmitting, from a site, to a browser and via a browser payment request application programming interface that defines a protocol for communicating data between the site and the browser, a request associated with a potential purchase, wherein the request comprises an identification of a payment method accepted by the site, wherein the payment method uses a cryptocurrency and receiving, at the site, a payment according to the payment method, wherein the payment method uses the cryptocurrency according to a cryptocurrency payment process initiated based on the request transmitted via the browser payment request application programming interface.
