Abstract (en)  
The present disclosure provides a toy. In an embodiment, a toy is provided and includes a plush figure. The plush figure includes (i) an outer fabric defining an interior volume. The interior volume contains a stuffing material and a speaker. The speaker is contained within the interior volume of the plush figure. The toy further includes a karaoke microphone in operative communication with the speaker. The karaoke microphone transmits to the speaker (i) a prerecorded sound and (ii) an amplified sound.
