Abstract (en)
[origin: WO2018228880A1] The present invention is in the field of enzyme technology, in particular the lipolytic action of enzymes on fats and oils, as used, for example, in detergents or cleaning agents. The invention relates to an agent, in particular a detergent or cleaning agent, which contains a lipase, as defined herein. The present invention also relates to a method for cleaning textiles and to the use of the agent according to the invention for removing soilings.
