Abstract (en)
[origin: WO2019021242A1] An apparatus (10) for the treatment of a land, particularly for the treatment of a land in which vegetal material, particularly a crop, is present, preferably which crop has ended the production cycle thereof, said vegetal material or crop being especially defined by shrub plants, and preferably being composed of a pineapple plantation. The apparatus comprises means (12) for supporting first treatment means (14), particularly in the form of vegetal material or crop treatment means, especially in the form of shredding means of the same vegetal material or crop, and second treatment means (16), particularly in the form of land working means.
