Abstract (en)

[origin: US2020189838A1] A glass article layer is provided that includes at least two cylindrical glass articles extending in a z-direction and arranged side by side in an x-direction. Two spacers are provided spaced apart from one another at an interval longitudinally of the glass article in the z-direction. The spacers are arranged between the glass articles. The spacers are thread-like elements and at least one of the thread-like elements is provided at each spacer position.
