Abstract (en)
The present invention relates to a cooking oven (10), in particular a domestic cooking oven (10), with at least one camera (26). The cooking oven (10) comprises an oven cavity (12) and a housing (18) enclosing partially said oven cavity (12). The camera (26) is arranged at the outer side of the housing (18) and directed into the interior of the oven cavity (12). An optical and/or insulating system (28) is arranged between the camera (28) and the oven cavity (12).
