Abstract (en)

[origin: WO2019052921A1] The invention relates to a panel carrier (5) for securing a front panel (3) onto the side sections (4) of a drawer (2), having a carrier part (7) which can be secured to the front panel (3), a single- or multipart base part (6) which can be assembled on the side sections (4), surrounds the carrier part (7), and comprises two at least partly parallel lateral limbs (61, 62), and a first adjusting element (8) for adjusting the front panel (3), wherein the first adjusting element (8) is designed as an adjusting pin which is frictionally enclosed by a coil spring (83). The invention additionally relates to a drawer.
