Abstract (en)

The invention relates to a pack (1) comprising an arrangement of insulating panels (2,2'), wherein all insulating panels are disposed in parallel, and wherein each insulating panel comprises a first layer (3) and a second layer (4). Particularly, the arrangement of the pack of the invention provides a low cost packaging for safely shipping and storing insulating panels. The invention also provides a pallet comprising at least one pack of the invention, the use of the pack or of the pallet of the invention for protecting insulating panels during transportation and handling, and a method for preparing the pack of the invention.
