Abstract (en)

[origin: CN208174425U] The utility model relates to an interface for inciting somebody to action on electric motor (10) are connected to cable bundle with casing (12) of motor side be equipped with two grafting room (14) inthe casing, wherein insert every grafting room (14) with electric motor (10) contact inserted sheet (16), wherein locking member (24) of every grafting room (14) stop part (22) of being equipped withthe cover (30) that is used for pegging graft and be used for pegging graft set (30). The utility model discloses still relate to electric motor (10) that have this kind of interface.
