Abstract (en)
[origin: WO2019096806A1] The invention relates to a composition comprising at least one polymer, wherein the polymer is provided in the form of polymer particles, and the composition contains at least one additive, said additive having a proportion of maximally 2 wt.% of the composition. The invention additionally relates to a method for producing the composition according to the invention, to a method for producing a component comprising the composition according to the invention, and to the use of the composition according to the invention.
