Abstract (en)

[origin: WO2019108472A1] A mascara composition includes a film-forming polymer portion. The film-forming polymer portion is stabilized in a vehicle that includes water. The film-forming polymer portion includes a high molecular weight vinylpyrrolidone homopolymer and one or more additional film-forming polymers. The mascara composition includes at least about 10 percent by weight of the vinylpyrrolidone homopolymer and is substantially free of wax.
