Abstract (en)
[origin: US2020347530A1] The invention relates to a compressive knitted fabric consisting of at least one stitch-forming basic knitting thread, at least one inserted and/or knitted elastic weft thread and at least one plush thread plaited, at least partially, onto the basic knitting thread and forming plush loops, wherein the at least one plush thread is an adhesive thread in order to give the compressive knitted fabric an anti-slip effect.
