Abstract (en)  
[origin: EP3734172A1] The present disclosure provides a fresh air module and an air conditioner. The fresh air module includes: a housing, having a fresh air passage and a mounting port communicated with the fresh air passage; and a filter screen assembly, comprising a filter screen bracket and a filter screen mounted on the filter screen bracket; wherein the filter screen assembly is mounted in the fresh air passage by sliding through the mounting port.
