Abstract (en)
[origin: EP3736222A1] This invention relates to a container (1) for food products and to a blank (S) for making the container, combined to provide a convenient closing system (110, 111, 120, 121) for closing the container (1) which allows the container to have an open and close function and to have a tamper evident function in connection with any movement of the closing system.
