Abstract (en)

[origin: EP3745275A1] [Problem]To provide an information processing device, an information processing method, and a recording medium, with which a value judgment of a specific community can be estimated automatically. [Solution] An information processing device equipped with a control unit that carries out control for: acquiring sensor data obtained by carrying out sensing with respect to a member belonging to a specific community; and automatically estimating a value judgment of a member belonging to the specific community on the basis of the acquired sensor data.
