Abstract (en)

A quick assembly field tent (1), comprises a plurality of arch frames (10, 11, 12) each comprising at least one structural element (100) having a pair of first channels with an open annular section (150, 151) which extend along a prevailing direction of the structural element. The field tent (1) further comprises at least one outer sheet (2), comprising at least one enlarged edge portion (21) received in a channel of the pair of first channels with an open annular section (151) of the structural element. An inner sheet (3) is shaped so as to comprise a roof portion (31) and vertical side walls (32) joined to the roof portion (31), said inner sheet (3) being arranged internally to the outer sheet (2) and at least partially spaced from the outer sheet (2). The inner sheet (3) comprises a hooking portion (33) for its installation.
