Abstract (en)
[origin: EP3754255A1] The present invention relates to an incineration plant for solid material having- a combustion material inlet (1) through which solid material can be introduced,- a feed shaft (2) in which the solid material is introduced and which leads to- a combustion chamber (3) in which the solid material is combusted,- a combustion grate (4) with which the solid material and combusted solid material can be conveyed through the combustion chamber (3),- a primary air supply (5) below the top of the combustion grate (4).
