Abstract (en)
[origin: WO2019212445A2] The invention relates to a bidet mechanism (1) mounting system (2), which enables the bidet mechanism (1), used in the toilets in order to prevent the wastewater from flowing into the clean water installation, to be mounted to a toilet. More particularly, the invention relates to a bidet mechanism (1) mounting system (2), which enables the bidet mechanisms (1), used in order to prevent the contamination of the clean water in the water installation due to backflow, to be mounted on a toilet.
