Abstract (en)

[origin: WO2019197599A1] The invention concerns a document holder (2) in the form of a desk, comprising a platform (4) intended to receive one or more documents; and two lateral walls (6, 8) extending from two lateral edges (4.1, 4.2) of the platform (4), so as to form a stand for said platform; the platform (4) being inclined by an angle α greater than 5° and/or less than 20° with respect to a horizontal plane when the lateral walls (6, 8) are placed on a horizontal surface (3), such as a desktop. The platform (4) and the lateral walls (6, 8) are formed by a semi-rigid panel that is folded accordingly.
