Abstract (en)

[origin: WO2019191180A1] A warewash machine includes a chamber for receiving wares, the chamber having a spray zone with an associated spray system for spraying liquid onto wares passing therethrough and a collection tank below the spray zone. A strainer pan is located atop the collection tank and includes an optional first opening with an optional removable strainer bucket mounted therein and a second opening with a removable cutlery basket mounted therein. A method of washing cutlery with such a warewash machine is also described.
