Abstract (en)

[origin: WO2019192660A2] The invention relates to a stimulation device (1) for the clitoris (12), comprising a stimulation head (4) for placing on the clitoris (12); a linear drive device (6) which is coupled to the stimulation head (4) and which is designed to make the stimulation head (4) vibrate; a control device (7) which is designed to control the drive device (6); a battery (76) for supplying power to the control device (7) and a housing (8) which comprises the control device (7) and the battery (76). The invention further relates to a method for increasing the operating time of a battery-operated stimulation device (1), to a method for stimulating the clitoris (12) for sexual entertainment, and to a method for stimulating the clitoris (12).
