Abstract (en)

[origin: WO2019192889A1] The present invention relates to a household appliance (1) comprising a panel (2), a control knob (3) provided on the panel (2), a display (5) placed on the panel (2), on which the programs selected by means of the control knob (3) are disposed, and a plurality of illumination means (6) provided on the display (5), each corresponding to a program, enabling illuminating the program selected by means of the control knob (3). A screen (4) is provided on the control knob (3) on which the sub-menus corresponding to the program disposed on the display (5) are displayed.
