Abstract (en)

[origin: WO2019215347A1] Capsule (3) having a wall defining a space (33) inside the capsule which contains a volume of smokeable material (2), the wall of the capsule comprising a tank (34) having a bottom and an annular peripheral wall of the tank, said annular peripheral wall defining an upper opening (34a) of the tank (34), a lid (35) closing the upper opening (34a) of the tank (34), the volume of smokeable material (2) being placed in the tank, against the bottom of the tank, and defining a high level (HL) of smokeable material in the capsule, said high level (HL) being at a distance from said lid (35). The bottom of the tank (34) has a central region (Zc) extending above the volume of smokeable material and above a high level (HL) of smokeable material.
