Abstract (en)
[origin: WO2019221602A1] The present invention relates to a method for producing inositol and inorganic phosphate, comprising the steps of (a) providing a composition comprising phytate, phytic acid, and/or phytin; (b) hydrolysing the phytate, phytic acid, and/or phytin to provide a composition comprising inositol phosphate and inorganic phosphate; (c) separating inorganic phosphate from the composition provided in step (b) to provide a composition enriched in inositol phosphate and a composition comprising inorganic phosphate; (d) hydrolysing the inositol phosphate obtained in step (c) in order to provide a composition comprising inositol and inorganic phosphate.
