Abstract (en)

[origin: WO2020012124A1] The invention relates to an anchoring kit (100) for a drilling machine (10) having a frame (12), the anchoring kit comprising at least a first anchoring module (110) having: a first part (112) comprising an anchoring device (114) for immobilising the first part in the ground; a second part (116) comprising a device (118) for fixing to the frame (12); and a movement device (122) for moving the second part relative to the first part in a first direction (A).
