Abstract (en)

[origin: WO2020029214A1] An air ventilation unit (6) for the interior compartment of a vehicle (2), comprising an exterior air intake (8); an interior air intake (10) with an opening (10.2); a valve (12) for selectively opening the exterior air intake (8) or the interior air intake (10); a blower (14) for blowing the exterior or interior air towards the interior compartment; and a noise absorbing screen (26) arranged in front of the opening (10.2) of the interior air intake (10) and distally from the opening (10.2) so as to allow a lateral interior air intake flow between the screen (26) and the opening (10.2).
