Abstract (en)
[origin: US2020128966A1] A collapsible bed frame and a method for producing a collapsible bed frame are described herein. The collapsible bed frame may include a plurality of panels. The plurality of panels may include two side panels, a foot panel, and a head panel. The collapsible bed frame may further include at least one hinge mechanism integrated into at least one panel of the plurality of panels to allow the at least one panel to be folded into a closed conformation.
