Abstract (en)
[origin: WO2020128219A1] The invention relates to a device for applying a cosmetic product (16), comprising a gripping member (20) and an applicator element (22) rigidly secured to the gripping member (20). The applicator element (22) is at least partially made of foamed plastic. The applicator device may be part of an assembly (10) for packaging and application of a cosmetic product.
