Abstract (en)

[origin: EP3903640A1] The invention relates to a portable power supply and/or data unit to be arranged on furniture (F), which comprises at least one electrical or data outlet (1); and, a main body (2) for positioning the at least one outlet (1). The unit additionally comprises a complementary body (4) movably arranged with respect to the main body (2); movement means for moving the main body (2) and the complementary body (4) relative to one another; and securing means (9) arranged so as to removably establish a separation distance between the main body (2) and the complementary body (4). The main body (2) and the complementary body (4) are jointly movable and can be removably coupled to an item of furniture (F).
