Abstract (en)
[origin: EP3912506A1] The present invention relates to a helmet fitting system. The helmet fitting system according to the present invention comprises: a band (100) which is fixed at one end thereof to a helmet (400); and a fitting part (200) which is connected to the band (100) so as to provide an elastic force toward the back part of a wearer's head.
