Abstract (en)

[origin: EP3915414A1] The present invention relates to a drawing-board backpack dual-use garment, comprising a garment body which can be used as a bag front body and bag rear body of a drawing-board backpack; in the direction of the garment body the neckline of said garment body is provided with a closable opening (701) for a drawing board to be inserted or removed; the lower part of the garment body is provided with a fifth connecting member (204) which can connect the lower part of the garment body together to form the bottom of the backpack, and/or comprises a first decoration which can be used as the bottom of the backpack; said first decoration can be connected to the lower part of the garment body, and can be used as a detachable second decoration of a backpack strap (205). In the present invention, the garment is designed as a structure which can transform into a drawing backpack, greatly improving the convenience of people's lives.
