Abstract (en)
[origin: WO2020178548A1] The present disclosure is directed towards a security sheet (11) comprising a data sheet (15) and an attachment layer (17) for attaching the data sheet (15) in a security document (10). The data sheet (15) is attached to the attachment layer (17) at an inner edge (22) having a nonlinear inner edge (22) profile. The term "nonlinear" means that an edge profile is not straight and comprises at least one curve and/or at least two straight lines at a non-straight angle to one another. The present disclosure further provides a security document (10) comprising such a security sheet (11) and a method of manufacturing such a security sheet (11) or document (10).
