Abstract (en)
The utility model pertains to the field of furniture and specifically relates to a screwless assembled sofa, comprising a sofa seat and armrests, which are mounted in a fit manner. The sofa seat is fixedly fit with first lower connectors, the armrests are fixedly fit with first upper connectors, and the first lower connectors are in insertion fit with the first upper connectors. The armrests and the sofa seat in the present utility model are mounted in an insertion fit manner to simplify assembly steps, shorten the assembly time and eliminate the dependence on tools. Easy and rapid assembly has significantly improved user experience. The present utility model further provides buckle structures, which can prevent component loosening and disengagement during use of the sofa.
