Abstract (en)

[origin: EP3940175A1] Adaptor for handle installation transposition consisting of a case (20) with two caps (1 and 2), a component transmitting the motion of the handle (5) and a component transmitting the motion (4) to the lock. The two caps feature opposite semi-circular grooves (6 and 7) for the movement of the component transmitting the motion (4) to the lock and the component transmitting the motion of the handle (5).
