Abstract (en)

[origin: WO2020188589A1] Footrest assembly for a two-wheeled vehicle a footrest assembly comprises of a support element partially attached to a side panel (LH & RH) and a step through portion of the vehicle. The footrest assembly is attached to the support element, and the support element comprises of a recess in which the footrest assembly is perfectly accommodated in a closed condition. The footrest assembly makes an angle of not more than 45 degrees with respect to the ground in a closed condition. The footrest assembly comprises of a top surface and a bottom surface, wherein in a closed condition of footrest assembly the bottom surface lies in a same plane as that of the side panel (LH & RH). The support element extends along a plane AA', and in an open condition of footrest assembly the top surface also lies in the same plane AA' as that of support element.
