Abstract (en)
[origin: WO2020200700A1] The invention relates to a transmission housing (1), characterized in that said transmission housing is provided, on the outside thereof, with at least one cable receiving groove (4) which is accessible from the outside. The invention also relates to a sensor installation kit for installing at least one sensor (7) on a transmission housing (1), and a transmission having such a transmission housing (1) and at least one sensor (7) installed on the transmission housing (1) using such a sensor installation kit.
